# A website concept for Bannister Plumbing & Air

An independent design proposal: how your website could look on a desktop screen and on a phone.

- Your 24/7 number and the 5.0 rating from 749 Google reviews visible from the first second
- Visitors pick their problem and see what you do, with a real entry from your own job log
- Your Star Club membership as a card, plus Brandon and Brandy, the team and both locations

This is a design preview, not a live replacement for your current site. Services, job log entries, reviews, membership details and photos come from your current website and would be confirmed with you before anything goes live. Some photos were upscaled for this preview.

WHAT WE DO

### LEAKS FOUND AND FIXED

Our plumbers trace the leak, explain the options and the price, and repair it once you approve.

FROM OUR JOB LOG · OCT 5, 2026

A water leak under the kitchen sink came from the garbage disposal, which was also seized. We replaced the disposal, made sure the dishwasher drain was installed properly and confirmed no further leaks.
