NORTHFRAME · WEBSITE DESIGN

A website concept for Longhorn Powder Coating

An independent design proposal: how your website could look on a desktop screen and on a phone.

- "Pick a color. We'll coat it." next to a coated chair; tapping a color chip switches the headline and the photo to that color
- Your in-house sandblasting, large capacity oven and forklift service as three cards with your own shop photos
- Your color sample wall, a swipeable row of finished work, and the shop on Minnis Drive with the phone number one tap away

This is a design preview, not a live replacement for your current site. Services, colors, address and photos come from your current website and would be confirmed with you before anything goes live. Some photos were upscaled for this preview.

Longhorn POWDER COATING

Colors Work Shop 817-759-2224

Family owned since 2004

Pick a color. We'll coat it.

Powder coating in a large assortment of colors and textures, with in-house sandblasting and a large capacity oven in Haltom City.

Call 817-759-2224 | Email for a quote

Teal | Yellow | Orange | Purple | Blue | Red | Grey

One shop, start to finish.

01

In-house sandblasting

Old paint and rust come off in our own blast area before coating.

02

Large capacity oven

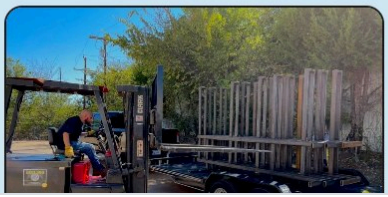

Big pieces like patio sets and gliders fit in one go.

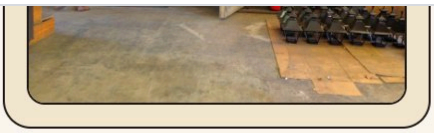

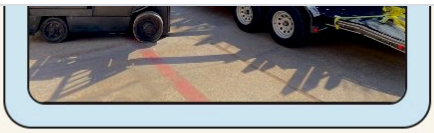

03

Forklift service

Heavy work comes off the trailer and goes back on with our forklift.

The color chart

A large assortment of colors and textures.

Come by and pick from the samples on the wall, or ask for the color chart.
