

A website concept for RPGA Design Group

An independent design proposal: how your website could look on a desktop screen and on a phone.

- A 3D dive through a cube structure built from your studio's own words
- Your projects, your values and your team portraits on one page
- Start a project: phone and the principals' emails one tap away

This is a design preview, not a live replacement for your current site. Texts, photos and team come from your current website and would be confirmed with you before anything goes live. Open project details are marked as placeholders.

**Outside the box.
Within budget.**

OUR APPROACH 01 / 03

DESIGN EXCELLENCE

RPGA works innovatively and strives to understand the big picture, but is also practical and will work within the budget.

SUPERIOR PROJECT MANAGEMENT

We go out of our way to listen, solicit input and pay attention to details.

OUTSTANDING SERVICE

We have the experience to know what works and what doesn't, but are not afraid to try new things.
