

A website concept for Royal Flush Plumbing

An independent design proposal: how your website could look on a desktop screen and on a phone.

- Your call, text and emergency numbers one tap away on a phone
- A scroll animation: water swirls into a drain, then your services fill a pipe
- Your customer reviews and "free estimates, no service fees" up front

This is a design preview, not a live replacement for your current site. Texts, photos and business details come from your current website and would be confirmed with you before anything goes live. The water video is an AI-generated illustration.

WHAT WE FIX

From the main line to the last faucet.

01

Sewer & Drain Cleaning

Free estimate →

Clogs cleared with a hydro jetter, and we locate the blockage so it stays fixed.

What If I Don't Have A Sewer Problem?

02 **Water Heater Repair & Replacement**

[Free estimate →](#)

Gas, electric and tankless water heaters repaired, or leaking and inefficient units replaced.

03 **Slab Leak Repair**

[Free estimate →](#)

Discoloration or cracks in walls and ceilings can point to a slab leak. We find it and fix it.

04 **Repiping**

[Free estimate →](#)

Old pipes behind low water pressure or discolored water, replaced.

05 **Pipe Repair & Installation**

[Free estimate →](#)

Pipes that leak, freeze, burst or have rusted, repaired or replaced.

06 **Gas Leak & Repair**

[Free estimate →](#)

A gas leak is a serious hazard in any home. We find and repair it.

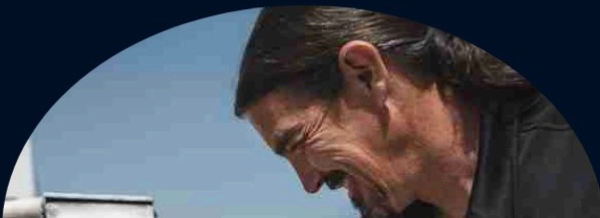

07 **Waterline Replacement**

[Free estimate →](#)
