

A website concept for HopFusion Ale Works

An independent design proposal: how your website could look on a desktop screen and on a phone.

- Directions and your phone number one tap away on a phone
- A pint that fills up as visitors scroll while "40 ft" counts down from tank to tap
- Your weekly program as day tabs that open on today: Manic Monday, Tejano Tuesday, karaoke, trivia and live music

This is a design preview, not a live replacement for your current site. Texts, events, prices and photos come from your current website and would be confirmed with you before anything goes live. Opening hours are left as a placeholder.

BREWERY & TAPROOM · 200 E BROADWAY · FORT WORTH
