

A website concept for Kite's Custom Cleaners

An independent design proposal: how your website could look on a desktop screen and on a phone.

- Free pickup and your phone number one tap away on a phone
- Your family's story since 1958, written in the margin by hand
- All your services as hang tags, plus pickup and delivery, 24/7 lockers and your four locations

This is a design preview, not a live replacement for your current site. Texts, history and images, including your own illustrations, come from your current website and would be confirmed with you before anything goes live.

1976

1976–1982. Gary Kite, who grew up doing odd jobs at the cleaners, learns the business after college and is managing Kite's Custom Cleaners by 1982.

2003
