

Boothe Architects

An independent website concept

A considered digital home for your architecture.

Nathanael Gutperl · hello@northframesites.com · northframesites.com

Independent proposal · Not commissioned

A clearer way into the work.

The concept opens with a sketch-to-building animation, then connects Boothe's project gallery, services and team in one continuous page.

- **Sketch to building**

A concept animation introduces the architectural work.

- **Sixteen project entries**

A filterable gallery organizes the projects by type.

- **People and practice**

Services, team profiles and contact details follow the portfolio.
