NORTHFRAME · WEBSITE DESIGN

A website concept for Longview Body Shop

An independent design proposal: how your website could look on a desktop screen and on a phone.

- A free estimate, your phone number and directions one tap away on a phone
- The heartbeat line from your CPR logo drawn across the first screen
- Four clear steps after an accident, your frame and paint equipment and your rate card

This is a design preview, not a live replacement for your current site. Services, equipment, warranty, rates and photos come from your current website and would be confirmed with you before anything goes live. The frame scan is an illustration; small photos were upscaled for this preview.

CPR · COLLISION PAINT & REPAIR · LONGVIEW, TEXAS

Bring your car back to life.

I-CAR certified collision repair with computerized frame measuring, color-matched paint and a lifetime warranty on our work. Free estimates, and we help with your insurance claim.

Get a free estimate | How a repair works

I-CAR
certified facility

PPG
Refinish certified painters

Car-O-Liner
computerized frame measuring

Lifetime
warranty on paint & body work

AFTER AN ACCIDENT

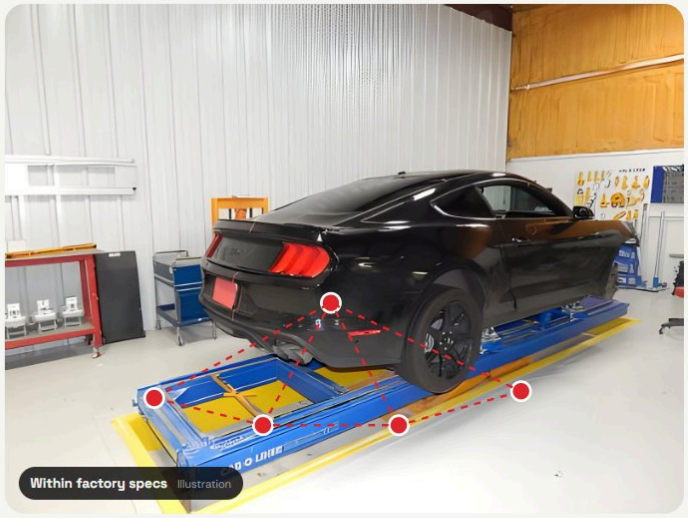

Four steps back to the road.

01
Free estimate
We evaluate the damage and give you a cost projection, without obligation.

02
Insurance assistance
We guide you through the claim and talk with your insurer about parts, repairs and procedures.

03
Repair
Drop off your car, we order parts, and once your insurer authorizes, we repair it in our I-CAR certified facility.

04
Lifetime warranty
We guarantee our workmanship for as long as you own the vehicle (limited on wearable items).

FRAME & PAINT

Back to factory specs.

Computerized frame repair
The Car-O-Liner measuring system finds frame damage down to a millimeter and checks the repair against factory specs.

Four-wheel alignment
A Hunter computerized alignment system measures all four wheels after structural repairs.

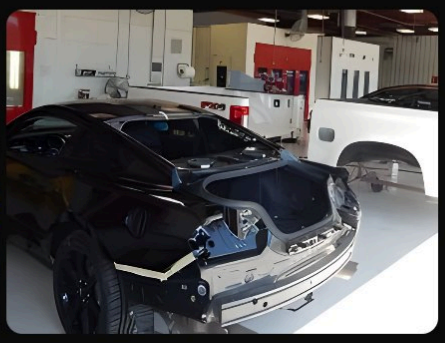

Computerized color matching
Paint mixed and applied in-house by PPG Refinish certified technicians in heated downdraft booths.

WE REPAIR

Structural & frame / Suspension / Electrical / Paint / ADAS calibrations / Alignments / Hail damage
